**Academy of Managed Care Pharmacy Elects New Board Member**

***Babette Edgar elected to AMCP Board***

Washington, D.C.—Babette S. Edgar, PHARM.D., MBA, Senior Vice President of Gorman Health Group has been elected to the board of directors of the Academy of Managed Care Pharmacy (AMCP).

AMPC is a national professional association of over 6,000 pharmacists and other health care practitioners with the mission of developing and fostering sound medication management principles and strategies to improve health care for all Americans. The Academy provides a wide range of clinical, educational and business management services on behalf of the more than 200 million Americans covered by a managed care pharmacy benefit.

“Babette’s uncompromising work ethic and extensive knowledge across all aspects of the managed care pharmacy industry make her a tremendous asset for AMCP. I applaud this important accomplishment” said John Gorman chief executive officer of Gorman Health Group.”

“I know that Babette’s best-practices philosophy to the pharmacy profession combined with her high-energy, success oriented style will go a long way in her new Board role. And now with health care reform rewriting the rules for our nation’s health care, timing couldn’t be better for Babette to be helping shape the direction of AMCP.”

At Gorman Health Group (GHG), Babette is a member of the senior leadership team and provides clients advisory services in areas such as formulary management, benefit design, utilization management, disease management and marketing for the Medicare Part D drug benefit and commercial managed care market segments. Babette was the Director of the Division of Finance and Operations for the Medicare Drug Benefit Group at the Centers for Medicare and Medicaid (CMS), where she directed building and implementing the formulary and benefit design review processes for the Part D drug benefit. Babette was previously Vice President, Clinical Business Development at Caremark/AdvancePCS, and Director of Clinical Services for Advance Paradigm. She maintains her clinical teaching appointment with the University of Maryland.
