

JOB DESCRIPTION

Title: Consultant (Independent Contractor)

Department(s): Consulting - Compliance Solutions

Job Summary

The Compliance Consultant participates in various projects by utilizing and applying his/her knowledge of Medicare Part C and/or Part D, Medicaid, and/or Health Insurance Marketplace regulatory requirements in order to effectively serve our client partners while maintaining Gorman Health Group (GHG) standards of quality and excellence.

Summary of Essential Duties and Responsibilities

- Provide subject matter expertise in Medicare Part C and/or Part D, Medicaid, and/or Marketplace regulatory requirements.
- Interpret federal guidance with the ability to inform operational efficiencies.
- Serve as a resource for team members and clients on various projects involving topics such as, but not limited to, compliance, operational processes, management analysis, pharmacy, and medical management.
- Perform complex compliance assessments and audits, including the adoption of the Centers for Medicare & Medicaid Services (CMS) program audit methodology.
- Assist in the development and implementation of project work plans, timelines, and accountabilities for projects.
- Collaborate with team members to attain the project goals within the defined time frames.
- Identify and define problems, collect relevant data, establish facts, and draw valid and innovative conclusions.
- Help to ensure an effective and positive work environment by establishing and maintaining cooperative working relationships with GHG staff.
- Participate in GHG meetings as appropriate.
- Contribute to the achievement of GHG goals and objectives by performing other duties as assigned.

Minimum requirements

- Knowledge of the Medicare Part C and/or Part D, Medicaid, and/or Marketplace environment in relation to health plans, insurers, providers, vendors, and facilities.
- Communicate clearly with internal and external partners and effectively represent the client’s and GHG interests.
- Work across all levels of management, be team focused and at ease working in a large organization with an attitude of group achievement as the primary goal.
- Be independent, adaptable and, at the same time, a team player.
- Highly organized with a strong attention to detail, strong decision-making skills.

Abilities and Education required

- Five or more years’ experience in the Medicare and Medicaid managed care and/or pharmacy benefit management environment
- Ability to travel 60-70% of the time based on project assignment
- Ability to work in a virtual office and virtual teaming experience
- MS Office proficiency
- Strong oral and written communication skills, including presentation skills
- Bachelor’s degree or higher preferred
- Health Care Compliance Association (HCCA) certification preferred
